# **Average Literacy Scores of Counties in South Dakota**

\* Use caution due to potentially unstable predictor variables in small counties.

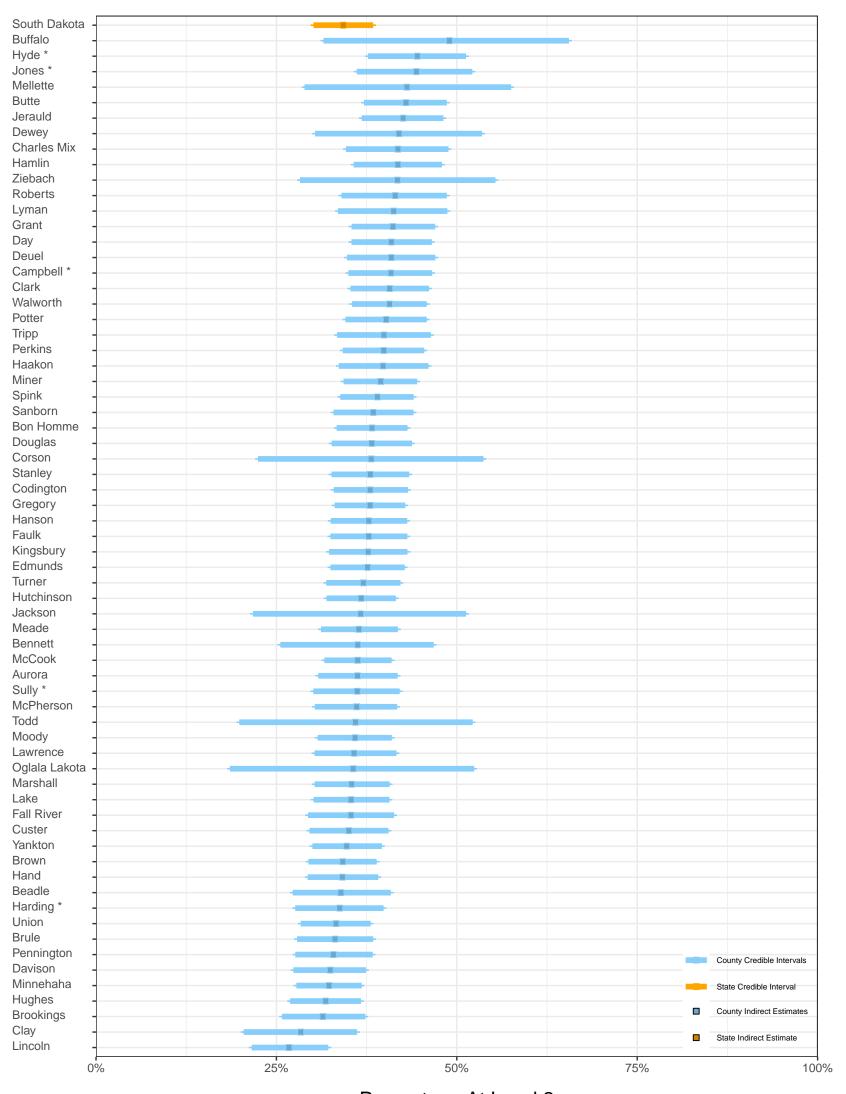

## Percentage with Literacy Skills At or Below Level 1 in Counties in South Dakota

Percentage At or Below Level 1

<sup>\*</sup> Use caution due to potentially unstable predictor variables in small counties.

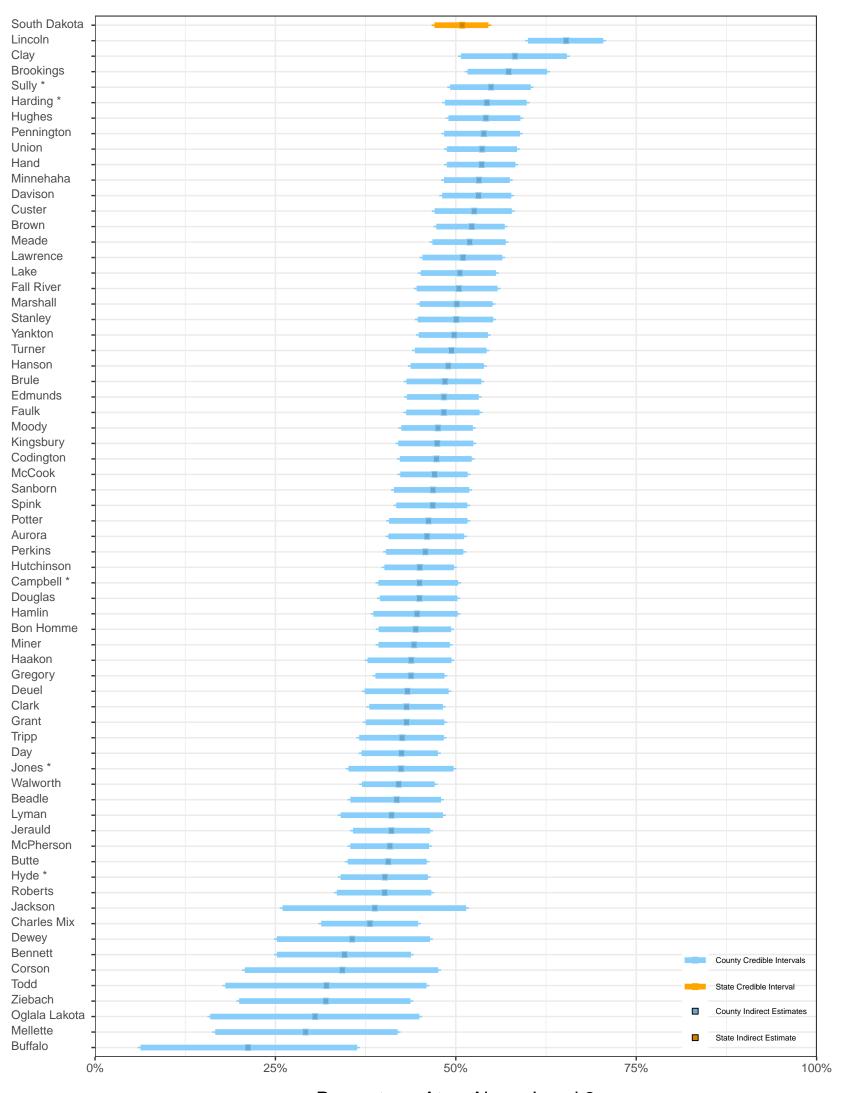

#### Percentage with Literacy Skills At Level 2 in Counties in South Dakota

Percentage At Level 2

<sup>\*</sup> Use caution due to potentially unstable predictor variables in small counties.

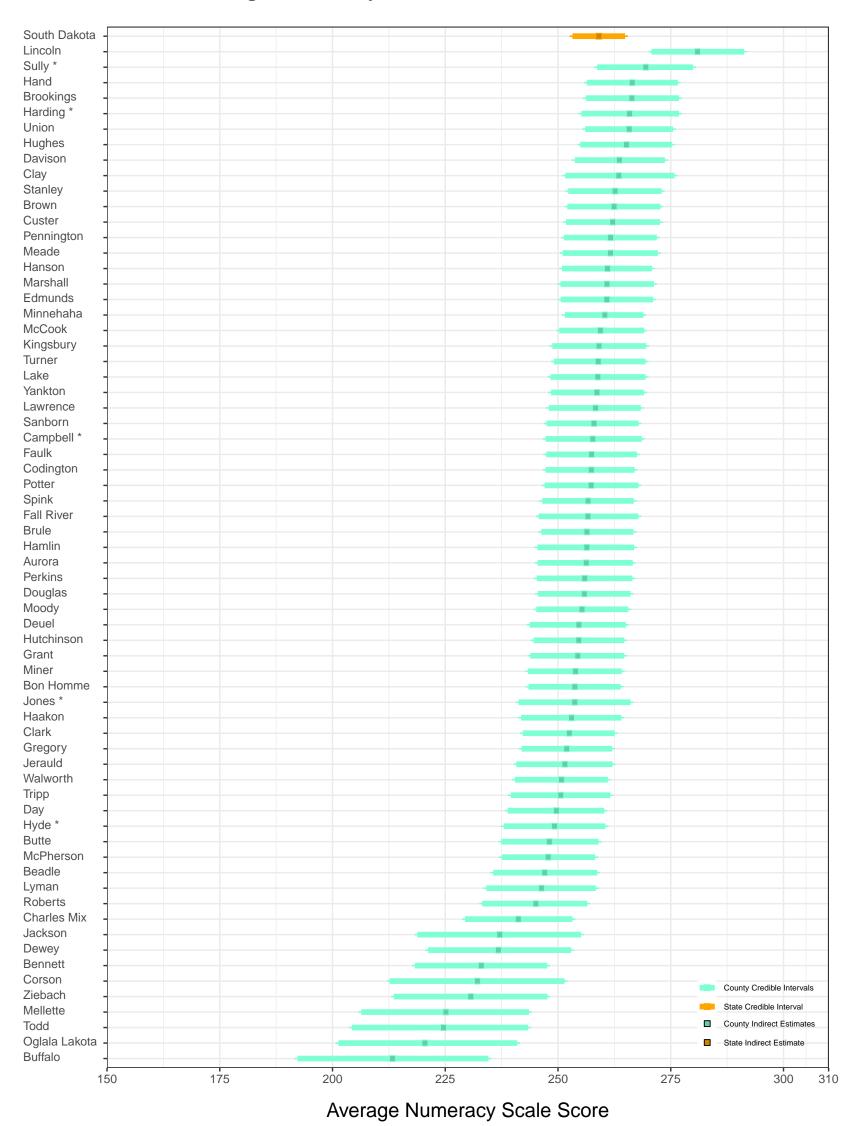

## Percentage with Literacy Skills At or Above Level 3 in Counties in South Dakota

Percentage At or Above Level 3

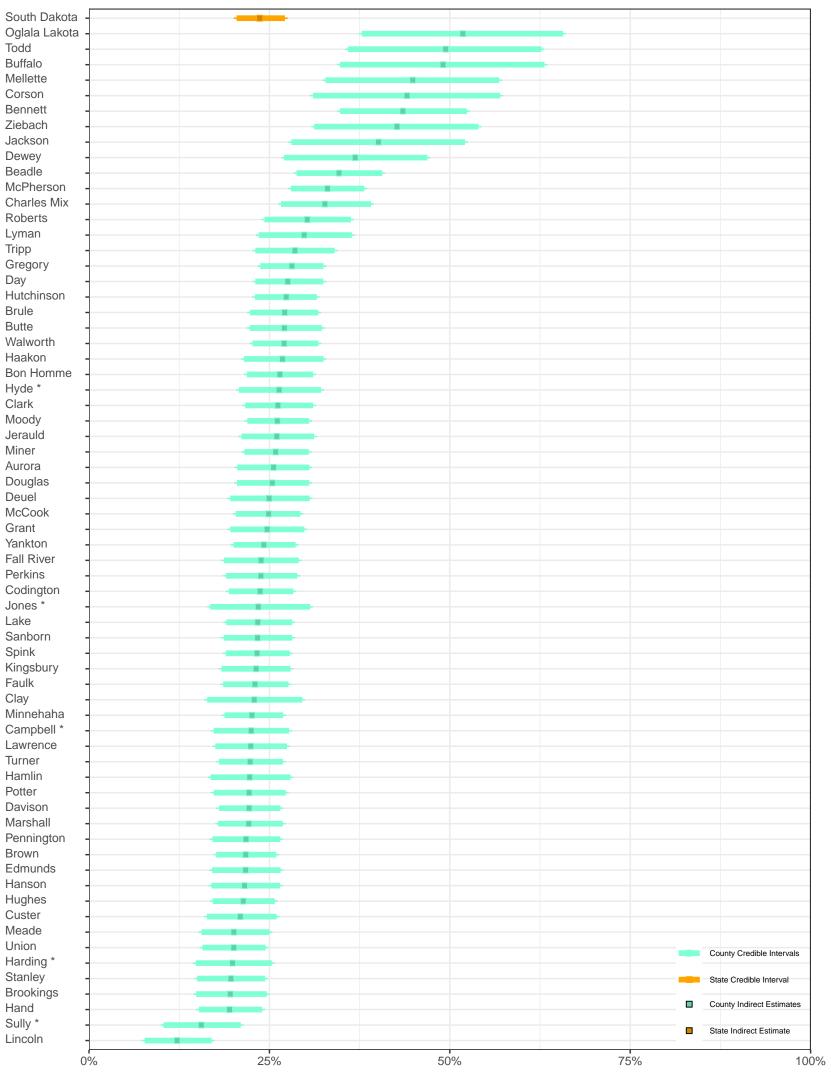

<sup>\*</sup> Use caution due to potentially unstable predictor variables in small counties.

# **Average Numeracy Scores of Counties in South Dakota**

<sup>\*</sup> Use caution due to potentially unstable predictor variables in small counties.

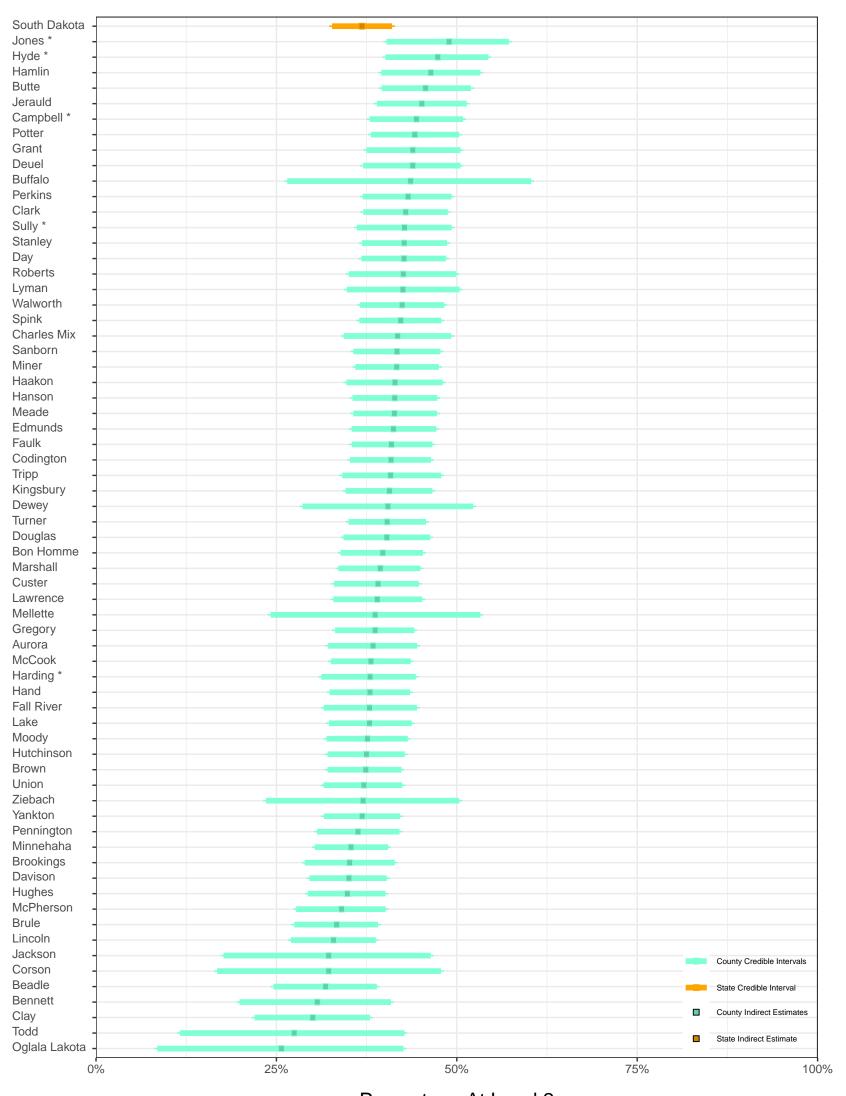

#### Percentage with Numeracy Skills At or Below Level 1 in Counties in South Dakota

Percentage At or Below Level 1

<sup>\*</sup> Use caution due to potentially unstable predictor variables in small counties.

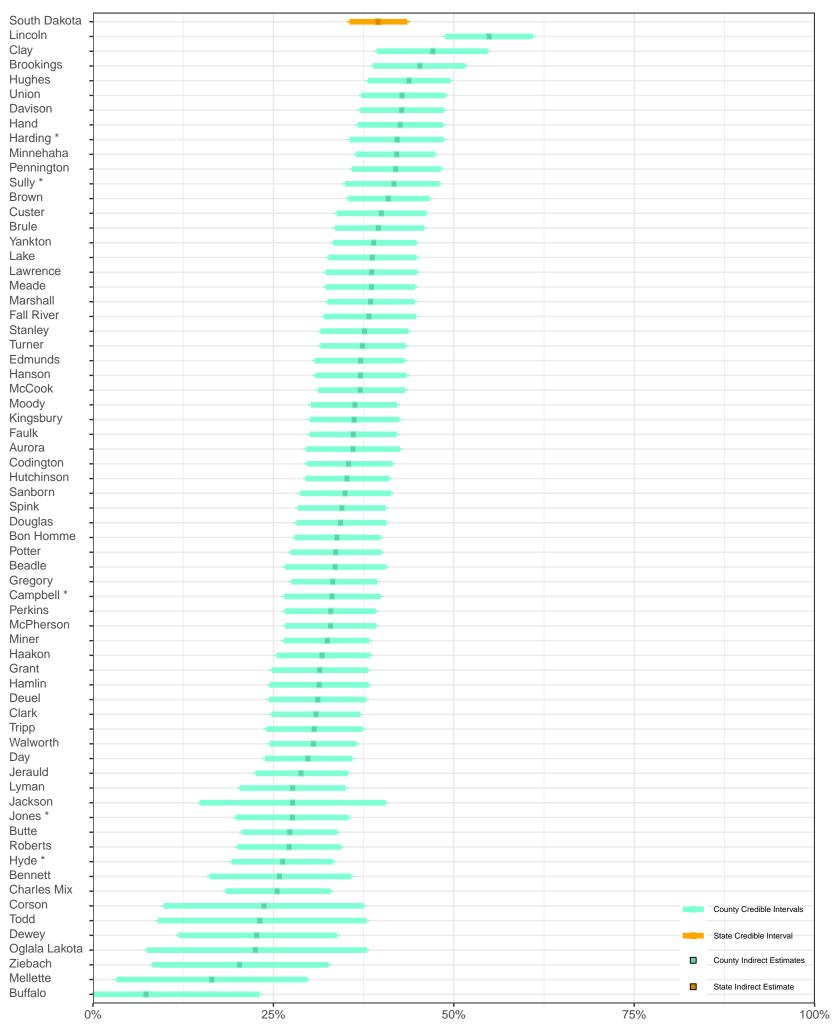

## Percentage with Numeracy Skills At Level 2 in Counties in South Dakota

Percentage At Level 2

<sup>\*</sup> Use caution due to potentially unstable predictor variables in small counties.

### Percentage with Numeracy Skills At or Above Level 3 in Counties in South Dakota

Percentage At or Above Level 3

Note: Estimates, and credible interval of the estimates, of less than 0% are adjusted to 0%.

The predictions for a small number of counties become negative due to the unconstrained linear nature of the model.

For more information, please refer to the PIAAC Indirect Estimation Methodology Report.

<sup>\*</sup> Use caution due to potentially unstable predictor variables in small counties.
